# About Us

PT Famus Bentala Indonesia ("FABI") formed in 2024, initiated by people who have experience in the Oil and Gas industry and Mining business and bring total experience of more than 40 years. Based on their experience, they formed the company to contribute in building Indonesia's Oil and Gas industry and support the Country in increasing oil lifting.

## Vision

To be the most trusted and innovative leader in the global oil and gas industry, driving progress and sustainability through cutting-edge technology and responsible practices. We envision a future where our operations contribute to a cleaner, more efficient energy sector, and fostering economic.

## Mission

Our mission is to responsibly explore, develop, and deliver energy resources that power the world's progress. By aligning our efforts with these core principles, we strive to meet the evolving energy needs of today while paving the way for a brighter and more sustainable future.
