

About Us

The Kalimantan Oil and Gas Entrepreneurs Association (IPEMIGAS) is an organization that represents oil and gas entrepreneurs from Kalimantan. Established on May 1st, 2025, in Balikpapan, IPEMIGAS aims to strengthen synergies between local oil and gas companies and expand collaborative networks at both the national and international levels.

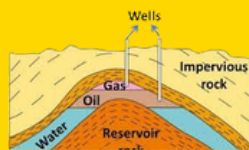

Service 1

Service 2

Service 3

Service 4

IPEMIGAS represents companies operating throughout the oil and gas industry value chain, from upstream (exploration and production) to downstream (processing, distribution, and marketing). We have recently opened a representative office in Malaysia to expand and strengthen regional cooperation in the energy sector.

VISION

To be a strong and influential platform for local entrepreneurs in the oil and gas industry to enhance their capabilities and competitiveness in facing global challenges.

MISION

1. Improving the capabilities and competitiveness of local entrepreneurs: Providing training, education, and resources to improve the capabilities and competitiveness of local entrepreneurs in the oil and gas industry.
2. Improving access to markets and business opportunities: Helping local entrepreneurs access broader markets and business opportunities, both domestically and internationally.
3. Improving awareness and understanding of the oil and gas industry: Improving awareness and understanding of the oil and gas industry among local entrepreneurs, the government, and the public.
4. Improving cooperation and partnerships: Improving cooperation and partnerships between local entrepreneurs, the government, and large companies to improve the capabilities and competitiveness of the oil and gas industry.
5. Improving the contribution of local entrepreneurs to the national economy: Improving the contribution of local entrepreneurs to the national economy through increased production, investment, and job creation.

ORGANIZATIONAL STRUCTURE

Advisor **IR. Bangun Usman Harahap, Dipl. Eng, Tech, MM**

As an organization that brings together business actors in the upstream and downstream oil and gas sectors, IPEMIGAS is committed to fostering a healthy, competitive, and sustainable business climate. Along the way, IPEMIGAS continues to build synergies with various stakeholders, including the government, state-owned enterprises, and international strategic partners, to achieve national energy security.

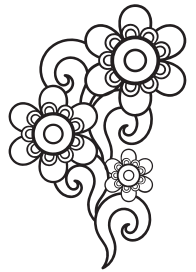

Chairman Donny Harko Satya Negara

As Chairman, I express my deepest appreciation to all members, partners, and stakeholders who have placed their trust and support in IPEMIGAS's work. We remain committed to enhancing member capacity, opening up business collaboration opportunities, and championing the interests of local oil and gas entrepreneurs to become more competitive amidst global challenges.

Vice Chairman Asgar Ahmad

We remain committed to supporting the organization's vision of strengthening the role of Kalimantan's oil and gas entrepreneurs through capacity building, network expansion, and access to national and international markets. The various work programs and strategic initiatives we have designed represent a concrete manifestation of our collective efforts to make the oil and gas sector a key driver of inclusive and sustainable regional development.
